

PROFESSIONAL DMR PORTABLE TWO-WAY RADIO HP5 SERIES

EMPOWER YOUR OPERATION

www.hytera.com

EMPOWER YOUR OPERATION

Hytera HP5 Series is a new-gen professional portable two-way radio that provides reliable voice communications for high-end office buildings, stadiums, industrial parks, schools, hospitals, and more.

Effortless usability is reengineered. Two dedicated knobs for volume and channel controls improve your efficiency. The universal Type-C port makes programming, upgrading, and charging more convenient than ever before. The BT capability gives you more mobility you need to get the job done, without the hassle of wires and cords.

Reliability is redefined. Durable enough to withstand dust, heat, shock and water submersion, the HP5 Series is IP67 and MIL-STD-810H certified. The superior audio has never been compromised, thanks to the powerful speaker and the AI-based noise cancellation algorithm. The outstanding sensitivity ensures stable communications in challenging environments.

Crisp, clear audio

((•

Hytera

Purify your voice, and eliminate the noise. The HP5 Series delivers crystal-clear audio in any environment, thanks to Al-based noise cancellation. This technology suppresses any annoying feedback howling and filters out the unwanted ambient noises. So you can feel like talking face to face in every call no matter where you are.

((....))

((o)) Break through the distance

11111

When you go further out, you may encounter degraded communications due to weak radio signal. With the 0.18 μ V (-122 dBm) sensitivity, the HP5 Series provides exceptional communication coverage. It ensures reliable communications even at the far edge of coverage with weak signal. Wherever you go in the workplace, you can always keep connected.

Versatile Type-C port

Just share the same USB data cable with your smartphone, then you can charge your radio with a power bank or car charger, or program and upgrade your radio. All of these benefit from the universal Type-C port.

((1)) BT, wirelessly, conveniently

The HP5 Series has optional BT 5.2 capability, so you can experience total freedom with no cords when using BT audio accessories. This feature also allows you to pair the radio with your smartphone, and then get radio programming done by the HyTool Radio Manager app on your smartphone.

Hytera

A Track your people and device anywhere

Hytera

Group 1

BT Programming

rogress

Location tracking is crucial for personal safety especially in emergency situations. The HP5 Series provides location updates to the dispatcher, thanks to the optional GPS and GLONASS positioning systems. The dispatcher can receive the radio location that is automatically sent with the emergency call, and then allot resources for quick assistance or rescue.

.

Radie HP560 oscinication

The HP5 Series has dedicated dual knobs for volume and channel controls, improving your efficiency. The Ushaped slot on the back of the battery allows you to install or remove the belt clip more easily. The enlarged LED indicator makes you know radio status at a glance, no matter whether the radio is in your hand, on your shoulder or waist.

Rugged reliability

The HP5 Series is built to withstand the harsh conditions that come with all kinds of industry fieldwork. The radio housing is made of polycarbonate with excellent abrasion and heat resistance. And the texture on the back of the radio is non-slip design. More importantly, this tough radio is IP67-rated and meets stringent MIL-STD-810H military standards for protecting against dust, water, vibrations, 1.5-meter drops, extreme temperatures, and more.

FEATURES

Work Mode

- Digital Conventional
- Analog Conventional

Data Services (HP56X Only)

- Text Message
- Quick Text

Voice Services

- Private Call
- Group Call
- All Call
- Emergency Call
- Time-out Timer

Connectivity

- BT Voice
- GNSS
- GPS
 - GLONASS
- Type-C Port

Security

- Emergency Alarm
- Lone Worker
- Authentication
- Basic Encryption • Radio Disable/Enable

Supplementary Services

- Programmable Keys
- Roam

- Voice Broadcast
- Scan
- RRS
- Call Alert (HP56X Only)

Special Services

- Priority Interrupt
- Priority Call
- Mixed Channel
- Voice Buffer
- QR Code (HP56X Only)

- Remote Monitor
- Radio Check

SPECIFICATIONS

General	
Frequency Range	400-470MHz 136-174MHz
Channel Capacity	HP50X: 256 HP56X: 512
Zone Capacity	HP50X: 16 HP56X: 32
Zone Channels	HP50X: 16 HP56X: 32
Channel Spacing	12.5kHz/20kHz/25kHz
Operating Voltage	7.4V (rated)
	1500 mAh Li-ion
Battery	
Battery Life (5/5/90)	15h (GNSS OFF) 13h (GNSS ON)
Frequency Stability	±0.5ppm
Antenna Impedance	50Ω
Dimensions (H x W x D)	HP50X: 119 x 55 x 30.5mm HP56X: 119 x 55 x 30.5mm
Weight (with antenna & battery)	HP50X: 265g HP56X: 270g
<u> </u>	HP50X: /
Display	HP50X: 7 HP56X: 1.45 inch LCD, 240 x320 pixels, colorful
