

### Automatic Email Sending

- Multi-dimensional patrol report statistics and automatic email sending allow owners to fully grasp everything

### Intergrated Efficiency of Multi-functional Terminals

- Push-to-Talk (PTT): Instant communication during patrols.
- IoT Integration: Sync with cameras, sensors, and other security devices.

## SMART TERMINALS FOR DIVERSE SCENARIOS

**P30**  
Compact design,  
one-touch communication

# Hytera Guard Patrol Solution

www.hytera.com

## OVERVIEW

The Hytera Patrol System is an advanced management platform integrating smart inspection, real-time communication, tracking, hazard reporting, and data analysis. Through technological innovations in smart devices and platform, the patrol workflow has been comprehensively transformed to achieve digitalization, visual management, and intelligent operation. It is widely used in security, energy, warehousing and logistics, property, industrial sectors, helping corporate customers ensure personnel safety, optimize operations and improve efficiency.

## INDUSTRY APPLICATIONS

Security

Energy

Warehousing and Logistics

Property management

## HIGHLIGHTS

### Intelligent Scheduling & Flexible Management

- Customizable Plans: Freely assign personnel, tasks, and routes to adapt to diverse scenarios.
- Dynamic Adjustments: Real-time updates for unexpected tasks or staffing changes.

### Real-Time Monitoring & GPS Tracking

- Patrol Monitoring: Supervisors can monitor the progress and status of each patrol route of the day at any time.
- GPS Tracking: Supports real-time GPS and historical playback, and complete tracking of patrol routes.

### Hazard Reporting & Safety Assurance

- One-Touch Alarm: Instantly report anomalies and trigger alerts.
- Multimedia Upload: Share photos/videos for quick event assessment and closed-loop processing

### Data Visualization & Smart Management

- Reports: Export patrol details, route coverage, and completion rates with one click.
- Analytics: Identify hazard trends and optimize solutions.
